Clay, Jensen, Pooch, and Roque are part of United States Special Forces Unit. They are deployed to a mission in Bolivia involving a drug lord, they end up disobeying orders and rescuing children. Their enraged boss, codenamed Max, orders them dead, but they survive, and end up doing small-time jobs. Then Aisha enters their lives, smuggles them back to the States on the condition that they kill Max. The group will soon realize that she has inducted them on a suicide mission - a mission which will take them to Dubai, United Arab Emirates; and to Mumbai, India; and come in possession of a mysterious encrypted hard-drive while not only facing betrayal from one of their own but also certain and violent death at the hands of Max. A CIA special forces team are betrayed and left for dead by their superiors, galvanizing them to mount an offensive on the CIA. First i would like to say that this movie has a lot of action scenes and plenty of funny,funny, moments but the story is a little on the simple side and short runtime only 1 hour and 38 minutes .plot they are betrayed on a mission and they wont revenge. now i know that many people disliked this movie but me and my 14 year old brother loved it.parents with kids under the age of 13 should know that this is a action and somewhat violent movie but no blood or gore but still violent.this movie is a action/comedy so people who like the rundown movie with the rock will love this movie. this review is simple to tell you that this is a movie to go see when you want to laugh and enjoy 1hour1/2 of explosions and gunfights THE LOSERS is anything but. Created to appear like a comic book in motion, writers peter Berg, James Vanderbilt and Andy Diggle have come up with a script that has defined some strong, unforgettable characters, outlined an all over the place story line, and managed to polish it all off with just the right amount of parody, humor, steamy scenes, and silly dialogue that makes the movie work. It is a film highly dependent of pyrotechnics and special effects, but these also are pulled off in such a way that they, too, are entertaining an even set the audience to cheering.

The story comes across as a bit jumbled due to the many sites where the action takes place, but essentially it is the tale of a group of five men (CIA operatives) who in an attempt to save some children in a fated helicopter escape from a disaster in Bolivia instead are assumed dead when the report of the exploded helicopter reaches the US. The five men toss their dog tags into the flaming ruins of the helicopter and thus become lost to the world. The team is a talented and well trained unit and each of the members has a special identity and gift: Clay (Jeffrey Dean Morgan) is the leader (and womanizer), Roque (Idris Alba) is the brains, Jensen (Chris Evans) is the wildly funny guy, Pooch (Columbus Short) is the sensitive guy, and Cougar (Óscar Jaenada) is the sniper with the ever present hat. The team (the Losers) becomes the target of a betrayal in dealing with one Max (Jason Patric) who is preparing the bomb to end all bombs. Out of nowhere comes the mysterious Aisha (Zoe Saldana) who works her way into the group via Clay's attraction to her beauty. But Aisha has her own agenda and the team joins her in uncovering and hopefully destroying the lethal Max who is planning global warfare. There are unexpected twists in the plot and internal challenges to the team's structure, but it all comes round in the end.

Yes, this is yet another noisy action film with classy acting from not only the stars but from everyone in the large cast. It is a hoot of an action thriller and hopefully this cast will be reassembled for a Part II in the future.

Grady Harp The movie is a stupid, over-the-top comic-booky action picture with the occasional cheesy effect, oddball casting and an utterly predictable get-that-guy-before-he-gets-us plot, but Evans and a couple of his mates make it passable entertainment. It's called 'U.R.A. Fever' by The Kills. The rest of the songs and their corresponding scenes can be found here. a5c7b9f00b
